

Msgr. Joseph F. Sheahan
Pastor of St. Peter's Parish
1906-1934

Monsignor Sheahan brought to his pastorate vigor and a forcefulness that was productive of manifold results, although his activities were carried on in a quiet manner without ostentation or show of any kind. His great humility was one of his outstanding characteristics and his sanctity the magnet which drew all hearts to him regardless of race, station or creed. Famed for his charity, he was truly a Christ like priest who lived up to the great dignity of his calling.
